

Best Practices - I

1. TITLE :

Adaptation in Teaching Methods for Academic Excellence.

2. GOAL:

Our College is an Institution that aims at equipping the learners to face the challenges of the modern world. Due to the arrival of information and communication technology, educational practices have undergone tremendous changes throughout the world. Our college makes all efforts to provide students with exposure to the tremendous changes round the world in terms of technology, knowledge, management and socio ecological consciousness. Our goal is to provide an opportunity to enable our students to collaborate and share experiences, developing values, taking challenges, decision making, and problem solving skills.

THE CONTEXT:

The College aims at transforming the youth through quality higher education and to keep pace with the fast changing scenario in the job market rote methods of teaching required a change.

THE PRACTICE:

Peer teaching was introduced, Role-plays and case-studies were used freely by the commerce department. Visual teachings through power-point presentations and movies were shown by various departments. Group Assignments were given to students. Workshops on Research Methodology, Communication Skills, and Subject experts were invited by departments for extension lectures.

EVIDENCE OF SUCCESS:

Passionate improvement is there in daily attendance in the class, improvement is shown in internal assessments, speaking and listening skills are improved. Students came forward to participate in College activities confidently.

PROBLEMS ENCOUNTERED AND RESOURCES REQUIRED:

Despite the fact that most of our faculties were used to the traditional teaching methods they adapted to it with time.
